

In Partnership with Holistic Life Foundation, Colorado High School Charter - Osage Campus is hiring for the following position:

Position Title: Mindful Moment Instructor

Position overview: To facilitate the implementation of the Mindful Moment program at [Colorado High School Charter, Osage Campus](#) in Denver, Colorado.

Background: The Mindful Moment program provides a school-wide mindfulness and yoga based intervention consisting of several coordinated initiatives:

First, the entire school takes part in a daily 10 to 15 minute mindfulness practice.

Second, the Mindful Moment Room is set up for a serene and calming environment. Students may self-refer to the Mindful Moment room, or teachers may send distressed or disruptive students there for individual assistance with emotional self-regulation through yoga, breath work, self-reflection, and meditation. This room serves as an alternative to suspension.

Third, Mindfulness / Yoga Instructors schedule visits with classrooms to engage students and teachers in the benefits of mindfulness practices. Mindful Moment Instructors must maintain a calm environment and demonstrate the appropriate competencies to teach children and youth techniques to obtain the desired outcomes of enhanced self-regulation and social and emotional wellness.

Program objectives:

Create a safe space for students to practice techniques for emotional self-regulation as an alternative to suspension and as a means for developing healthy life coping skills. To that end, our primary objective is to introduce students, staff, and faculty to proven methods, based in yoga, mindfulness, breath work, and overall holistic wellness, to empower them with the skills to effectively navigate their lives. Mindful Moment Instructors' presence in the schools provides skilful instruction, engages the full student body and staff, and infuses the practice through playing or saying the Mindful Moment recording. These activities facilitate and support learning of mindfulness and yoga to promote self-empowerment and independent utilization of the techniques.

We are able to measure the success of our program through the following:

1. Consistent participation in the Mindful Moment recording practice periods
2. Increased referrals from teachers of students to the Mindful Moment Room as an alternative to suspension
3. Increased capacity of students to utilize yoga and mindfulness techniques during stressful moments
